Not statutorily, but with about 30 pending petitions, we are trying to whittle the list down to reduce the potential for legal challenges being brought for unreasonable delay.

Subject: Response to Copper Development Association's Petition to Cancel Certain Copper Registrations Held by Cupron

As we discussed at yesterday's OPP General, attached is our proposed response to the petition submitted by the Copper Development Association to cancel the registration of a product registered to Cupron. We have developed the response in cooperation with OGC; OGC has concurred on the response.

Please let us know if you have any comments.
